

The action of the social service

Ornex serving the youth

Pass'permis (Driving license)

You are between 18 and 30 years old? Living in Ornex? The driving license seems unaffordable with your current income? Depending on your situation, the cost of your driving license may be funded up to 1 000€. In return, you will participate in civic actions alongside municipal services and/or local associations (10 to 20 hours according to the amount of the aid).

The registration file is available in the town hall and on the town's website. Once filled in it must be handed back at the reception in the town hall. Afterwards, it will be reviewed by the CCAS (Community Social Action Association), who will invite you to the Town Hall for an interview.

Le Pass'sport

The CCAS (Community Social Action Association) developed the Pass' Sport's measure to enable as many children as possible to access diverse sporting activities and discover new ones.

It is aimed at children between 6 and 12 years of age, whose family falls within the subsidised criteria.

This measure credits families with 50€ per child and year's participation on annual subscription with one of the partner sports associations.
